

Work Done and Responsibility

Adinan Azeez KT

- Completed analysis and understanding of the project.
- Watched five system architecture videos.
- Gained foundational knowledge in system design.
- Attended a 30-minute offline meeting for Phase 2 preparation.
- Attended a 1-hour Google Meet for Phase 2 preparation.

Abhishek TP

- Attained a deep understanding of requirement analysis.
- Completed the division of work among team members.
- Documentation of work division.
- Reviewed and corrected the requirement analysis, literature survey, and feasibility study.
- Gained basic knowledge of dataset collection.
- Attended a 30-minute offline meeting for Phase 2 preparation.
- Attended a 1-hour Google Meet for Phase 2 preparation.

Ihsana Ilyas

- Attained deep understanding of project requirements
- Completed the final documentation of the requirement analysis, literature survey, and feasibility study.
- Analyzed and corrected the project documents.
- Gained basic knowledge of algorithm analysis.
- Attended a 30-minute offline meeting for Phase 2 preparation.
- Attended a 1-hour Google Meet for Phase 2 preparation.

Albert Jossy

- Conducted research on requirement analysis, literature survey, and project feasibility.
- Created the content for Phase 2 documentation.
- Reviewed and referred three research papers.
- Analyzed the research gap.
- Attended a 30-minute offline meeting for Phase 2 preparation.
- Attended a 1-hour Google Meet for Phase 2 preparation.
